PROJECTS:

Our projects are targeted at making the underprivileged students more “employable” and are as follows:

Long Term Courses: such as Computer Literacy, Confidence Building through Communication and Public Speaking, Remedial Classes and Coaching, Financial Assistance to Medical and Engineering students

ACHIEVEMENTS:

Through various educational projects we have impacted over 300 students in West Bengal and 200 students in Odisha. Besides, we have provided financial assistance to 1 higher education students pursuing MBBS in West Bengal.

We have donated Submersible pump, Bench, toilet at Midnapore Town and provided merit-cum-means scholarship at Kalagram School during the financial year 2009-2010.

We feel proud to share that our students have shown remarkable improvement in all round development from improvement in academic results to performance in debates and elocution contests, computer quiz as well as drawing contests at local inter school competitions.

ACKNOWLEDGEMENT:

We appealed to different funding agencies in India and Abroad to support us for better service to the human cause. It is our pleasure that Deenabandhu – Friends of the Poor, CA, USA, as well as several individuals in India have extended their financial support for continuing projects for the benefit of underprivileged children. In the financial year 2009-10, our organization has received Rs. 8,90,119.00 from Domestic (Rs. 18,001.00 & Rs. 8,70,000.00) as donations and interest acquired from bank (Rs. 2118.00) and spent Rs.7,55,427.50 for the various projects for the education and skill development of the underprivileged students.

We have not incurred any international and domestic air travel during the current financial year.

FUTURE PROJECT:

We intend to consolidate our projects in the existing schools and start a tutorial center in Kolkata.

We receive several prayers/appeals from other needy schools located in the neighborhood of our action centers for inclusion of educational projects we are currently conducting. However due to limitation of funds, we are unable to expand our services and include the schools who have appealed to us.

Our fund source is only Public Donation from India and Abroad. We need more inflow of funds for running the projects as well as the administrative infrastructure.

I appeal to you all to generate fund sources so that our service for the society can progress in a better way and reach out to more needy and underprivileged children.

Thanks.
